# Solano Avenue Merchant's Plan Halloween Fete

The Solano Avenue Merchants met this week in a preliminary discussion of plans and details for the annual Solano Avenue Halloween Window Decorating Festival.

Principal Charles Moore of Albany High School and Milton D. Gordon of Cornell are arranging art contests in the Marin, Cornell and high school art departments for designs, from which will be selected the best and those most worthy of muralizing in chalk upon the show windows of the Solano Avenue merchants places of business. The junior and high school artists selected will take up positions on Solano Avenue about two days prior to Halloween. The committee will place prime coats of paint on the glass all in readiness for the artists to perform.

Merchants wishing to join in the art displays, will pay a fee of two dollars to the ASAMA for the paint materials and the candy bars for the artists. A jury of PTA members will judge the contest. Harold DeLong of Denham's Department Store is president of the Association.

**Mrs. Zahn Thanks County Mayors For Voting Aid**

Councilwoman Mrs. Kathie Zahn has asked that The Albany Times print the following statement regarding the election of two directors to the S.E. Bay Rapid Transit Commission:

May I take this opportunity of thanking the three Mayors of Alameda County who had the courage of voting for 'Me' on Oct. 11 at the Mayors' Conference meeting when the final selection for the two director positions on the San Francisco Bay Area Rapid Transit Commission was made.

Little did I realize that from the moment I promised the people and the cities to 'always keep them fully informed as to what was going on' my chance of ever becoming a director of the said district were nil.

A democratic convention for the selection of president of the United States is nothing in comparison with what went on during the evening of Oct. 11, 1957, at the Mayors' Conference dinner before the voting for the two directors took place.

The comical side is that several mayors insisted that they had voted for 'Me', but when the ballots were counted there were only three out of the twelve mayors who had chosen 'Me'.

Well, I shall never know who they were — but God bless them all.

(Signed)  
Mrs. Kathie Zahn,  
Member of the Albany City Council and one of the three candidates for director of said commission.

**THE WOMAN'S SOCIETY** of Christian Service of the Albany Community Church will meet on Thursday evening, Oct. 17, at 8 p.m. in the church hall.

There will be musical numbers, and refreshments will be served by the Martha Circle. Mrs. Fred Blitz is chairman for the evening. Men of the church are invited to be guests at this meeting.

**CORNELL PTA WILL HOLD** its Annual Rag Drive from Oct. 21 to Oct. 24, under the supervision of Mrs. Louis Coggiola, budget and finance chairman.

Cornell children will receive "ragbags" which parents will be asked to fill with clean cotton and woolen rags and wearable clothing. Not Acceptable are hats, shoes, rug materials, leather or rubber goods, but other wearable clothing will be sent to the Berkeley-Albany Council PTA clothing room for needy children. Funds from the salvage of the clean rags will be used for Cornell PTA service projects. A prize will be donated to the classroom which donates the most rags.

When you stop your car on the highway, it's important that you pull completely off the roadway. Cars traveling at high rates of speed often are unable to stop for an unexpected vehicle parked on the highway. Don't take chances, says the California State Automobile Association. JUDGE LOUIS J. HARDIE  
Judge Hardie Will Retire At End of Term

Judge Louis J. Hardie of the Berkeley-Albany Municipal Court plans to retire at the end of his present term, and will not stand for re-election in the June, 1958, primary. The announcement was made at a press conference held in his chambers at the Berkeley City Hall.

Judge Hardie has been on the bench since he was first appointed to the Albany Justice Court in 1937. In the re-organization of the State's lower courts in 1950 he moved up to the Municipal Court governing the Albany and Berkeley area. He was re-elected to his current term in 1952. The term expires Dec. 31, 1958, and his successor will take office at the start of 1959.

The Judge says he feels in very good health but would like to do some traveling. "I have enjoyed my years on the bench," he said, "and I wish to thank the citizens who have supported me over the years. I want to especially thank my many dear friends in Albany where I have lived for nearly 30 years."

Judge Hardie was born in San Francisco. He was admitted to the bar in 1915, first practicing law in Visalia and later in Oakland, moving to Albany in 1930. He served as Albany City Attorney until 1937 when the city council named him to the judgeship.

Judge Hardie resides with his wife, the former Iris M. Neighbour at 1106 Curtis Street, Albany. They are the parents of a son, Lawrence J. Hardie of Albany, and they have three grandchildren. The Judge's twin brother, Albert, is an Oakland attorney.

He is past patron of the Albany Chapter of the Eastern Star, past president of the Albany High Twelve Club, a member of the Albany White Shrine, past grand master of the Odd Fellows and a member of its subordinate bodies, a member of Indian Rock Lodge of Masons, Berkeley Royal Arch Masons, Berkeley Commandery Knights Templar, and Aalms Shrine of Oakland. He is also a member of the Epworth Methodist Church and past president of the Albany Chapter of the American Association for the United Nations. He was a charter member of the Bayview Aerie of Eagles.

# CHURCH PROPERTY VARIANCE APPROVED

The request for change in a back, sideyard and rear yard requirements requested by the Grace Mount Baptist Church, under consideration for some weeks, finally was approved by unanimous vote of the council. It was passed, however, contingent upon the church acquiring certain adjoining property now reported to be in escrow.

Ordinances Nos. 57-030 and 57-031 were passed unanimously on second and final reading, but Mrs. Zahn cast a dissenting vote on Ordinance 57-029 which called for the rezoning of Lot 13, Block 11, Regents Park Map No. 4, on the ground that she objected to the opening up of 25-foot lots to duplex construction.

In discussion of a letter from County Clerk Jack Blue regarding the question of the County taking over the job of appraising property in the City of Albany for tax purposes, City Clerk Myrtle McLean stated that an article in a San Francisco newspaper stating that the County will take over the job of assessing property within the city and collecting taxes on behalf of the city was all wrong and that no such move was contemplated.

Executive Assistant Robert G. Olson was instructed to make an investigation of county office methods regarding assessments with a view to the possibility that the city might be able to secure data from the county which might facilitate the work of city tax collection.

Public hearings were set for Oct. 28 on the LaBelle property, northeast corner of Kains and Portland, and on the property adjacent to 1061 Key Route Blvd. A hearing on a rear yard reduction on Lots 37 and 38, Block 7, Regents Park Map No. 4 will be held next Monday.

**Bank of America Plans Achievement Awards Program**

The more than 350 high schools in Northern California have been invited to participate again this year in the statewide Bank of America Achievement Awards program.

S. Clark Beise, president of the bank, said that throughout California in excess of 6,000 awards in cash, trophies, certificates and ribbons will be presented next spring to outstanding high school seniors. Nearly 450 winners will receive cash and 20 will gain top awards of \$1,000 each.

Purpose is to honor scholastic achievement and citizenship and promise of service to society. Inaugurated 10 years ago, the

program in 1957-58 will offer \$54,900 in cash. The total is up \$10,000 over 1956-57 to allow for formation of a new division required by sharply increased Southern California high school enrollment.

Approximately 130 schools in the nine-county San Francisco Bay Area are expected to participate and 225 schools in the Northern California Counties division. The latter extends from the Oregon border south to include Kern County but is exclusive of the Bay Area. Cash awards for the two north-

ern divisions will total \$23,500. In addition, there will be nearly 700 gold trophies and 2,500 certificates of achievement.

Selection of winners begins in the high schools in February. Zone competitions are scheduled in April and final judgments are held and the awards made in May at Sacramento and San Francisco.

Four major study fields are covered: science and mathematics, fine arts, liberal arts, and vocational arts.

## New Law Governs Pull Out of Slow Moving Vehicles

Slow-moving vehicles, including  
passenger automobiles, that build  
up long lines of traffic behind them  
on today's heavily-used highways  
present a serious problem. A new  
law now in effect makes it com-

pulsory on two-lane highways for  
such vehicles to turn out at prop-  
erly designated points to allow other  
vehicles to pass, says the California  
State Automobile Association.

The law on this point reads: "On  
a two-lane highway where passing  
is unsafe because of traffic in the  
opposite direction or other con-  
ditions, a slow-moving vehicle, be-  
hind which five or more vehicles

are formed in a line, shall turn off  
the highway at the nearest place  
designated as a turnout by signs  
erected by the authority having  
jurisdiction over the highway, in  
order to permit the vehicles fol-  
lowing it to proceed."

The AAA motorists' organization  
points out that this law describes  
a slow-moving vehicle as "one  
which is proceeding at a rate of  
speed less than the normal flow  
of traffic at the particular time and

place."  
The main purpose of the pull-out  
law is to reduce the number of  
accidents and head-on collisions re-  
sulting from drivers attempting to  
pass long lines of cars that string  
out behind slow-moving vehicles.

It is not the dawdlers and trif-  
lers who find life worth living; it  
is the strenuous, robust workers.  
—Charles W. Eliot.

**HOW LUCKY can you get?**

It has been said that people make their own "luck." Probably, to a large extent, this is true. Take for example the family that weathers a financial storm because they have savings to fall back on. They are "lucky," for without that nest egg their entire future could be put in jeopardy.

A Bank of America Savings Account is one of the best ways

you can prepare for your future. In your own neighborhood Bank of America branch your money is always close to home, absolutely safe and immediately available. And that 3% interest we pay on savings adds up to greater security and peace of mind.

### THE EASY WAY TO SAVE!

Take advantage of Bank of America's handy Automatic Savings Plan. Simply authorize us to transfer a specified amount from your checking account to your savings account . . . weekly, semi-weekly, or monthly. All you have to do is make your regular checking deposits and the plan will continue as long as you wish. You save easily, conveniently and—most important—steadily!

### B. of A. Quiz Corner

**DID YOU KNOW** that a Bank of America Timeplan Loan—or any B of A loan—can be paid off automatically? Just come in and authorize a monthly deduction from your checking account. Saves you time, work and worry!

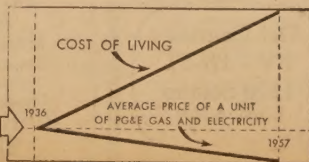

## "7 minutes on the job...saves my wife hours of drudgery"

California Fish and Game biologist, Elden Vestal, found that it took him just 7 minutes' work to provide his home with 24 hours of electricity.

"I wish everything was that reasonable. When you think of all the work gas and electricity do in our house, 7 minutes of my time seems little enough to pay for such a necessity." (The Vestals' Fresno home is equipped with 41 appliances.) Mr. Vestal makes a good point: with gas and electricity so cheap in Cali-

fornia, you can afford to use them. Most people do . . . that's why your P. G. and E. bill may be higher than in years past. Yet the price of a unit of P. G. and E. gas and electricity is actually 1/3 lower today than in 1936. Can you think of anything else that costs less than it did 21 years ago?
